

Identity-Centric Security

Your Trusted Partner for Identity Security Solutions

Whether from external breaches, insider risks, or human error, compromised credentials may lead to costly incidents. Axidian provides end-to-end identity protection, reducing risk while enabling seamless access — because security shouldn't come at the cost of productivity.

Axidian Privilege

Privileged Access Management

- Secure and streamline privileged access to corporate resources
- Control actions during privileged sessions
- Manage privileged passwords and secrets
- Audit and investigate

Axidian Access

Identity and Access Management

- Build a centralized access control system
- Secure remote access
- Switch to biometric authentication
- Combine physical and logical access

Axidian CertiFlow

Smart Card and PKI Management

- Reduce PKI maintenance costs
- Control the use of smart cards, digital certificates
- Implement 2FA and electronic signature

Axidian Shield

Identity Threat Detection and Response

- Leverage adaptive MFA
- Analyze identity activity data
- Proactively identify threats
- Visualize critical information

Axidian's innovative approach towards designing its whole product portfolio as a highly modular open application platform allows the customers to pick and choose the modules as needed and grow in the future as their business needs expand.

KuppingerCole Executive View Report

Your Identity — Our Priority

Customer success cases:

Nurol • Finance • 100+ employees

Implemented Axidian Privilege:

- >> Passwords are kept secret from admins
- >> 2FA is enforced for privileged accounts
- >> Full visibility over the actions of IT admins

Konveyor • Manufacturing • 3000+ employees

Implemented Axidian Access:

- >> Remote access to corporate web applications via VPN is secured
- >> 2FA based on OTP is implemented

ABInBev • Manufacturing • 2800+ employees

Implemented Axidian CertiFlow:

- >> Easy-to-use 2FA that is fit for a large manufacturing environment
- >> Effective management of hybrid smart cards and PKI, even in complex scenarios

Why choose Axidian:

Support of on-premise, cloud, and even air gapped environments

User-friendly and intuitive interface

End-to-end identity expertise from one trusted vendor

24/7 support and fast response times

Comprehensive training for customers' and partners' teams
